SLEHS Marching Band
Extracurricular Event or Sport in which student wishes to participate

2021 / 2022
School Year

The student, and if the student is a minor, his/her parent or legal guardian understand and agree as follows:

1. Participation in the elective extracurricular activity/athletic program listed above will require travel both within and away from the South Lyon Community School District. In certain circumstances, the School District may provide transportation to and/or from events related to the extracurricular activity/athletic program. In consideration for the opportunity to participate in the elective extracurricular activity/athletic program, the student will ride in District-provided transportation, if available. If District-provided transportation is available, a student may only ride with his/her parent or legal guardian instead of District-provided transportation if an **Election to Transport Student From School-Sponsored Event Form** has been submitted and signed by a student's parent/guardian.

2. In certain circumstances, the School District may not provide transportation to/from the elective activity/athletic program, including practices. In those circumstances, the student and, if the student is a minor, his/her parent or legal guardian take full responsibility for the student's transportation.

3. ~~If District-provided transportation is unavailable, the decision as to whether a student will personally drive, ride with his/her parent or legal guardian, ride with the parent or guardian of another student participant, or ride in a vehicle driven by another student participant shall be exclusively made by the student and the student's family. The District shall bear no liability for the consequences of such decision.~~ ****Due to the band program guidelines, STUDENTS WILL NOT BE ALLOWED TO DRIVE THEMSELVES OR OTHER STUDENTS to any team competitions. Adults only will be allowed to transport students. (This does not apply to practices).**

4. No person who drives the student to or from the elective extracurricular activity/athletic program, including practice, for which the School District does not provide transportation, shall be considered an agent or servant of the School District, in any respect or for any purpose, while driving my student to or from such practice or activity. Should any claim be made against the School District based on the driving conduct of any such person while that person is providing transportation for the Student, the Student and/or his parent or legal guardian will defend, indemnify and hold the School District harmless as to such claim.
